

# HOME APPLIANCES

— GERMAN INNOVATION —

A family consisting of a man, a woman, and a young child are in a modern kitchen. The man is holding the child up, and the woman is looking at them. The kitchen has white cabinets, a wooden countertop, and a sink. There are several small black cylindrical lights hanging from the ceiling. A red circular graphic is in the bottom right corner.

Häfele Appliances products play a major role in transforming the way customers perform their daily household chores from cooking to cleaning. Our endeavour is to bring sheer joy of cooking and that is why we thoughtfully design our products to stand on the values of Innovation, Design, Functionally and Trust.

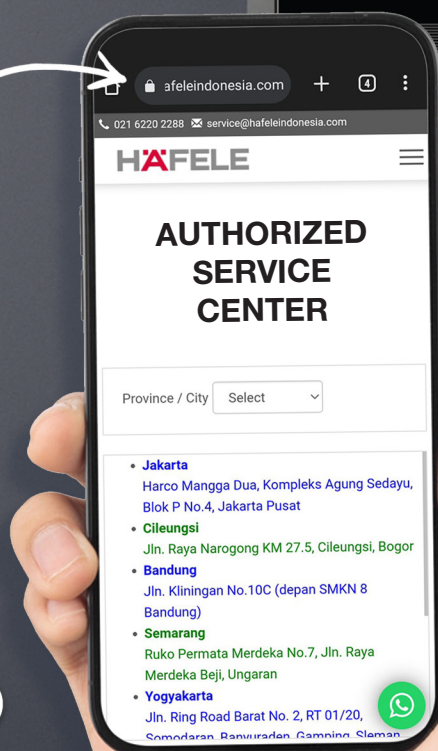

Häfele recognise the importance of quality, function and design when it comes to making appliances. That's why we have launched the Häfele Warranty Products across all of the appliances products that we manufacture or bring to you under the Häfele brand name.

Our products have met our quality standards and have been tested according to the relevant industry certification, to the point that we are now happy to guarantee that the product will function as intended with no loss of operating quality. We are confident in our range of products, and we want you to be as confident when you use our products for your customer as we are.

We give you some **aftersales services** for our **appliances products**. Scan this QR Code to find out more!

# OVEN & MICROWAVE OVEN

From warming, thawing to cooking a full course for a special dinner, everything can be done quickly and well with a quality oven. No doubts. All left is to find which one suits you best from our extensive collections of ovens and microwave ovens.

2 Years Warranty

Dimension  
Width: 60cm

Touch Control

TFT Display

Rotisserie

Meat Probe

Cool Touch Door  
Equipped with Quadruple Glazed Doors, more heat in the oven and "safe to touch" external temperatures.

Energy Efficiency Rating  
Rated A or higher under the European energy efficiency rating (on the scale of E to A+++), ensuring optimal efficiency.

Defrost

LED Light

Pyrolytic Cleaning  
Self-clean by heat, when the inside temperature reaches 500°C, grease and food soils are burned off and decomposed.

Steam Cleaning  
Self-clean by steam, when the inside temperature is heat to around 90°C to boil about 250 ml of water in 30 minutes. This will soften dirt and making them easy to clean.

Child Safety Lock  
Simply press the key lock for 4 seconds to disable all functions. It is the most reliable safety feature for ovens.

Timer  
Set cooking time as you like. Will automatically switch off once the timing ends.

## TFT DISPLAY OVEN

### Anti-bacteria®

Non-porous finish leaves no place for bacteria to thrive

Heat Resistant

Stain Resistant

Impact Resistant

Food Safe

Extremely Durable

Dirt Repellent

Odor Free

## GRANSTONE

With a stony and slightly rough finish, Häfele Granstone is synonymous with innovation and is a trend-setter among sinks. It's robust quality also ensures the long-lasting usage

Applicable exclusively to functional aspects.

# How to Choose Your Sink?

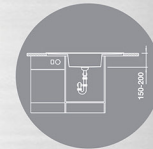

## UNDER-MOUNT VS TOP-MOUNT

Since all of its edges are "hidden" under your countertop, an undermount sink will make your kitchen look seamless and elegant. However, top-mount sinks are still preferred by many thanks to the simplicity of installation and unlimited choices of countertop materials.

## SIZE

Sinks these days are 15-20 cm deep on average. You may need a deep sink, if you frequently wash many dishes and big pots and pans, or prepare a lot of foods at one time.

## DESIGN

A single-bowl makes it easy to clean big pans and pots or prepare a large amount of foods, while a double-bowl sink is best when you want to separate dishwashing and food preparation zones. However, if you prefer to wash dishes by hand, you will need a sink with a drainer helping your dishes dried and protecting your countertop from water splashes.

## MATERIAL

Of the two most popular sink materials, quartz composite is resistant to bacteria, heat, and scratches. Requiring low maintenance, quartz sinks also come with many colors such as grey and anthracite. Stainless steel sinks, on the other hand, are best for those who love traditional style and want to save money as well as maintenance efforts during use.

## QUALITY CERTIFICATES

All Häfele sinks and taps have successfully passed performance tests and quality assurance tests that are strictly set based on various mandatory requirements in order to make sure that our products meet international as well as national quality standards.

## GRANSILK

### KONSTANZ

570.35.340

Material: Granite  
 Bowl depth: 140 / 230mm  
 Dimensions (L x W): 1140 x 460mm  
 Full set accessories: Wooden chopping, steel colander, steel basket, steel tray
